Clarification

To All Members,

The Union has been informed that the contract between Finning and Sunlife states, employees must be actively working to be eligible for benefits. If a strike occurs, all benefits would be paused the day that the membership commence a strike.

The bargaining committee wanted to get this clarification out to the membership right away to make sure there is no confusion if the parties are unable to come to an agreement.

However, we urge our members to make whatever preparations you deem appropriate. This may include making arrangements to have necessary dental work performed and prescriptions filled over the next week or so. Members may wish to consider withdrawal of banked overtime hours.

For now, we are urging all members to continue working until notified otherwise by your Business Representative and Bargaining Committee.

There is to be no Strike Action at this time.

Stay tuned for further information. In Solidarity, Your Bargaining Committee.
