Ratification Vote

To all members,

Your Union is conducting an electronic ratification vote (Saturday October 3rd to Wednesday October 7th at 12:00 pm (noon). We are using the same 3rd party company called Simply Voting that conducted the strike vote. The same email address that was used for the strike vote will be used for the ratification vote.

If you have not received an email for the ratification vote, please give your shop steward, steering committee member or your Union Rep your **full name and personal email address**.

Stay tuned for further information.

In Solidarity,
Your Bargaining Committee.
